FIREWARD'S REPORT

We have had some serious fires the past year.

Two houses burned to the ground.

One burned about 3 o'clock a. m. and the house was nearly gone when the alarm was given.

The other was nearly burned when the alarm was given at about noon time.

The village company is in good condition, with a motor driven Waterus pump and Booster tank, a quantity of pails, shovels, etc.

We would recommend buying some 2½ in. hose soon.

The Depot company is in very poor condition at present. We have a quantity of pails and shovels and a chemical engine.

Our truck is old and we are having trouble in getting parts to repair it.

CLARENCE M. DAMON, Chief,
WILLIAM H. DAVIS, Clerk,
FRANK T. ANGIER,
Firewards.

THE REPORT OF THE FITZWILLIAM DISTRICT NURSING ASSOCIATION

From Feb. 1st, 1935 to Feb. 1st, 1936

Total visits to homes, 1,805. These visits are divided into the following classes: Obstetric, 24; Antepartum, 18; Postpartum, 85; New born, 85; Schools, 97; Other Nursing visits, 243; Infant welfare, 102; Pre School, 247; School Children, 317; Adult, 214, Social Service, 255.

At the time of the annual school physical examination in the autumn of 1935, there were 127 children enrolled. The examination was made by Dr. Emerson, assisted by the District Nurse. The following defects found among the children included—Tonsils and adenoids, 28; Defective vision, 16; Enlarged glands, 6; Underweight, 16; Asthma, 2; Thyroid, 1; Anaemia, 2; Poor Posture, 7; Defective teeth, 74. All have been vaccinated. The following corrections have been made. Removal of tonsils and adenoids at a clinic at the Keene Hospital, 9; Underweight, 7; Fitted with glasses, 6. There has been no serious epidemic among the school children this year.

Through the generosity of the Town Fair Association, we were able to conduct an extensive Dental Clinic. Dr. Perry Fitch of Keene examined the teeth of the school children, and a chart was made of the work necessary for each child. The children were transported in groups to the offices of Dr. Conboy and Dr. Fitch in Keene, N. H., where special arrangements were made for each child to have all necessary work done. This included extractions, fillings and cleaning. The expense to each child was $1.00, all in excess of that amount was taken care of by the fund received from the Town Fair Association. The expense of the work per child at the usual dental prices were

from $2 to $36. If this work could be continued each year, the work and expense would necessarily be much less. Care was taken not to interfere with any families taking their children to their own private dentist.

Three Toxoid Clinics, three baby and three preschool clinics, also for the purpose of vaccination have been held during the past year; one at the State Line schoolhouse, one at the Columbian schoolhouse, and one in the primary schoolroom at the Village. Dr. Emerson gives his services for these clinics, also furnished the toxoid serum and the vaccine, gratis. The clinics were well attended, and it is hoped EVERY mother will avail herself of this opportunity for a physical examination for her children. In so doing, the preschool child should enter school physically fit, and the baby have competent medical guidance.

Several complete layettes have been made and given by Miss Butland, one of our summer residents, also Mrs. McQuestion of State Line. These have been given to babies when required, and have greatly benefitted the mother, as well as of convenience to the nurse. All garments given the nurse have been distributed to persons who could make use of them through the Nursing Association.

It is through the interest and cooperation of the townspeople, summer residents and friends of the Nursing Association that this work has been accomplished. I wish to thank each and everyone who has given of time and money that this important phase of work might be carried on, that of caring for the sick as well as guarding the health of our future citizens. Because of this cooperation, we are able to watch and to guide the babies and the preschool and school children. Especially do I wish to thank the School Board, Dr. Emerson, the teachers in the schools, and the officers and members of the Nursing Association. It is indeed a privilege to work with and serve this community.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Fitzwilliam:

I herein submit my second annual report as superintendent of schools.

It seems right and proper to utilize a little space in this report to bring before the parents and citizens some of the objectives of the public school system of today:

(1) To develop a sound mind in a strong and healthy body. (2) To develop the ability to read and write, to think and put that thought into action. During the year we have tried not only to teach the child the mechanics of reading but also the getting of the thought from the printed page and then expressing it in an effective way to the listener. That is we are emphasizing oral reading. (3) We recognize the need of more effective teaching of technical grammar as well as the use of correct expressions in the Mother tongue. (4) To endow our pupils with the knowledge, skills and mental power to earn a reasonable living in the modern world of today. (5) To devote the use of leisure time to worthy activities and pleasures. (6) To develop a fine spiritual character that is trusted and admired.

To the development of these objectives and others not mentioned we invite your cooperation, support and suggestions.

*Resigned

At the time of writing, the schools are well organized, the teachers alert to the interests of their pupils, the attitude of the pupils is cooperative with the efforts of their teachers and responsive to their instruction. Normal progress has been made by the respective grades. Mr. Holt having been elected to a teaching position in Panama resigned. Mr. William Properzio, a graduate of the Trade and Industry Course of the Keene Normal, was elected to the position. Mr. Properzio has established a reputation as an efficient instructor and a good disciplinarian.

Due to the large number of pupils at the Columbian school, it was decided to reopen the upper room. Both rooms have been remodeled, painted and made more suitable in respect to light, heat and adaptability for the grades. Miss Grace V. MacDonald was placed over the primary grades.
